honor life's milestones and bring sacredness into everyday life the book of blessings and rituals shows you how to create ceremony and meaning around the most important events in your life drawing from different world traditions leading metaphysical teacher athena perrakis presents blessings to cover a wide array of occasions and intentions including holidays and sacred days love healing protection prosperity and success lunar blessings and rituals and manifestation organized by month you'll be able to celebrate the sacred all year long create medicine bundles and altars to support blessings and ceremonies know which crystals to use to amplify rituals and clear energy learn how to smudge for clearing and protection use the power of invocations to assist in strengthening goals and intentions deepen your experience of the sacred find inspiration and heal with this non denominational guide to blessings and rituals

for more than three hundred years the practice of masonic rituals of initiation has been part of western culture spreading far beyond the

boundaries of traditional freemasonry henrik bogdan explores the historical development of these rituals and their relationship with western esotericism beginning with the craft degrees of freemasonry the blueprints as it were of all later masonic rituals of initiation bogdan examines the development of the masonic high degrees the hermetic order of the golden dawn the most influential of all nineteenth century occultist initiatory societies and gerald gardner s witchcraft movement of the 1950s one of the first large scale western esoteric new religions movements

secret sects of syria and the lebanon is a book written by bernard h springett in 1922 the book provides a detailed analysis of the origin beliefs and religious ceremonies of various secret sects that existed in syria and lebanon during that time the author delves into the history of these sects tracing their roots back to ancient times and exploring how they evolved over the centuries the book covers a wide range of topics related to these secret sects including their religious beliefs practices and rituals it also examines the role that these sects played in the social and political life of the region as well as their impact on the wider world throughout the book springett provides a wealth of information and insights into these secret sects drawing on a variety of sources including historical records religious texts and personal observations he provides a fascinating glimpse into a world that was largely unknown to outsiders at the time overall secret sects of syria and the lebanon is a valuable resource for anyone interested in the history and culture of the middle east as well as those interested in the study of religion and spirituality and their connection with and influence upon modern masonry this scarce antiquarian book is a facsimile reprint of the old original and may contain some imperfections such as library marks and notations because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to their original work

in this wide ranging book paul christopher johnson explores the changing hidden face of the afro brazilian indigenous religion of candomblé despite its importance in brazilian society candomblé has received far less attention than its sister religions vodou and santeria johnson seeks to fill this void by offering a comprehensive look at the development beliefs and practices of candomblé and exploring its transformation from a secret society of slaves hidden persecuted and marginalized to a public religion that is very much a part of brazilian culture johnson traces this historical shift and locates the turning point in the creation of brazilian national identity and a public sphere in the first half of the twentieth century his major focus is on the ritual practice of secrecy in candomblé like vodou and santeria and the african yoruba religion from which they are descended candomblé features a hierarchic series of initiations with increasing access to secret knowledge at each level as johnson shows the nature and uses of secrecy evolved with the religion first secrecy was essential to a society that had to remain hidden from authorities later when candomblé became known and actively persecuted its secrecy became a form of resistance as well as an exotic hidden power desired by elites finally as candomblé became a public religion and a vital part of brazilian culture the debate increasingly turned away from the secrets themselves and toward their possessors it is speech about secrets and not the content of those secrets that is now most important in building status legitimacy and power in candomblé offering many first hand accounts of the rites and rituals of contemporary candomblé this book provides insight into this influential but little studied group while at the same time making a valuable contribution to our understanding of the relationship between religion and society

secrecy is a central and integral component of all religious traditions not limited simply to religious groups that engage in clandestine activities such as hidden rites of initiation or terrorism secrecy is inherent in the very fabric of religion itself its importance has perhaps never been more acutely relevant than in our own historical moment in the wake of 9 11 and other acts of religious violence we see the

rise of invasive national security states that target religious minorities and pose profound challenges to the ideals of privacy and religious freedom accompanied by the resistance by many communities to such efforts as such questions of secrecy privacy surveillance and security are among the most central and contested issues of twenty first century religious life the routledge handbook of religion and secrecy is the definitive reference source for the key topics problems and debates in this crucial field and is the first collection of its kind comprising twenty nine chapters by a team of international contributors the handbook is divided into five parts configurations of religious secrecy conceptual and comparative frameworks secrecy as religious practice secrecy and the politics of the present secrecy and social resistance secrecy terrorism and surveillance this cutting edge volume discusses secrecy in relation to major categories of religious experience and individual religious practices while also examining the transformations of secrecy in the modern period including the rise of fraternal orders the ongoing wars on terror the rise of far right white supremacist groups increasing concerns over religious freedom and privacy the role of the internet in the spread and surveillance of such groups and the resistance to surveillance by many indigenous and diasporic communities the routledge handbook of religion and secrecy is essential reading for students and researchers in religious studies comparative religion new religious movements and religion and politics it will be equally central to debates in the related disciplines of sociology anthropology political science security studies and cultural studies

the bioarchaeology of ritual and religion is the first volume dedicated to exploring ritual and religious practice in past societies from a variety of environmental remains building on recent debates surrounding for instance performance materiality and the false dichotomy between ritualistic and secular behavior this book investigates notions of ritual and religion through the lens of perishable material culture research centering on bioarchaeological evidence and drawing on methods from archaeological science has traditionally focused on functional questions surrounding environment and economy however recent years have seen an increased recognition of

the under exploited potential for scientific data to provide detailed information relating to ritual and religious practice this volume explores the diverse roles of plant animal and other organic remains in ritual and religion as foods offerings sensory or healing mediums grave goods and worked artifacts it also provides insights into how archaeological science can shed light on the reconstruction of ritual processes and the framing of rituals the 14 papers showcase current and new approaches in the investigation of bioarchaeological evidence for elucidating complex social issues and worldviews the case studies are intentionally broad encompassing a range of sub disciplines of bioarchaeology including archaeobotany anthracology palynology micromorphology geoarchaeology zooarchaeology including avian and worked bone studies archaeomalacology and organic residue analysis the temporal and geographical coverage is equally wide extending across europe from the mediterranean and aegean to the baltic and north atlantic regions and from the mesolithic to the medieval period the volume also includes a discursive paper by prof brian hayden who suggests a different interpretative framework of archaeological contexts and rituals
